

# Heidi Hodgson

Since moving to Fairview, I have worked as a Farmer, Salon Owner, and Event Planner. From launching and managing our Farmers Market, to delivering 16 different types of community enriching events, I have proven myself dedicated to serving our community. My greatest strengths are that I am a clear and prompt communicator, I am unwaveringly reliable in my commitments, and I am exceptionally good at creative problem solving. If I am given the opportunity to serve on City Council, I aim to improve communication between our community and our government leaders. I will ask our residents and business owners direct questions about what exactly our community's hopes, dreams and concerns are, and I will collect their feedback to ensure their voices are heard. Last, but not least, I am a wife and a mother, and I will bring that perspective to every issue that our City Council faces during my time of service. My family have traveled the globe, but we chose Fairview as the place to invest everything we have, because we saw it for exactly how special it is. We are planting deep roots here on our farm and within our community because we love both dearly, and we want to preserve what makes this place uniquely itself.
